Contributions and Personal Accomplishments to the Breed:

As a DVM who loves the breed, I have always strived to obtain high ethics and to breed the healthiest dogs I can. In 1998 I was privileged to give a presentation at the national show entitled Pediatrics and the Novice. I have enjoyed my friendships, my judging assignments, and my Ask the Vet column in the Bulldogger and the OKCBC newsletter, The Bullsheat. In addition, several of my health articles have been published in the AKC Gazette. I would love to have an ALL bulldog practice and have occasionally come extremely close to doing just that. I have been blessed to have co-owned (2) #1 bulldogs, a Best in Show Bulldog, a 2 time Award of merit bitch, dog and multiple hall of fame dogs and bitches. I hope to continue giving back what the breed has given to me by sharing my knowledge of the breed's special health problems with others and improving our wonderful breed.
