Contributions and Personal Accomplishments to the Breed:

A dedicated breeder of healthy bulldogs, made every effort to breed as near to the standard, as possible, for over 40 years.

- I was the person whose idea was responsible for the creation of The Bulldogger, when I was President in 1972-73.
- I was the producer and editor of the very popular Bulldog Gait Tape used for education.
- Co-owner and exhibitor of three bulldogs in the Gallery of National Winners.
- Co-owner and exhibitor of two bulldogs which attained the ranking of Number 1.
- I have served on many committees for the benefit of Bulldogs and BCA over the past forty plus years. However, I feel those listed above will have the most lasting effect on the breed and BCA.
